

The State of New Hampshire
Department of Environmental Services

Robert R. Scott, Commissioner

June 20, 2018

Douglas Colby, Jr.
P.O. Box 199
Danbury, NH 03230

**Re: NHDES Administrative Order No. 18-003 WMD
DES Site No. 199607052/UST #0112726**

Dear Mr. Colby:

The New Hampshire Department of Environmental Services ("DES") issued Administrative Order No. 18-003 WMD to you on January 18, 2018 (the "Order"). The Order was not appealed.

The deadlines for required actions under the Order have passed, and I am informed that compliance with the Order has not been achieved. More specifically, I am informed that DES has not yet received a closure report for the single-walled, non-monitoring piping systems associated with the UST system located at 717 US Route 4 in Danbury, New Hampshire. The Order remains valid and complete compliance is required.

Failure to comply with the Order, and the underlying ongoing violations, may result in administrative fines, civil penalties, and/or criminal penalties under RSA 146-C:10, and RSA 146-C:10-a, as noted in the Order. At our next regularly scheduled enforcement meeting, I will recommend further enforcement action including proposing administrative fines, or referring this matter to the New Hampshire Department of Justice for enforcement.

Please contact me directly at 603-271-7509, or by email at kerry.barnsley@des.nh.gov, to discuss your obligations under the Order.

Sincerely,

COPY
Kerry D. Barnsley
DES Compliance Attorney
