Groundwater Sampling Data Transmittal, prepared by GeolInsight, Inc.,
dated June 28, 2018 (Activity #258886)

Dear Mr. Hayes:

The New Hampshire Department of Environmental Services (NHDES) has reviewed the subject document and other information in our files regarding the referenced site. Based on our review of the existing information, NHDES does not require additional investigation, remedial measures, or groundwater monitoring for this site. Accordingly, NHDES will remove this site from our active project list and close the regulatory site file.

NHDES reserves the right, under New Hampshire Code of Administrative Rules Env-Or 600 Contaminated Site Management, to require additional investigations, remedial measures, or groundwater monitoring if further information indicating the need for such work becomes known.

Please do not hesitate to contact me if you have any questions regarding this letter.

Sincerely,

Todd Piskovitz, P.G.
