Dear Mr. Scotton, I was contacted by Brian Thibeault of Joseph Equipment inquiring about work that Gaftek provided at the Kingsbury Corp site in Keene last year. On April 9, 2019 Gaftek pumped the contents of the 12,000 gallon heating oil UST to below 1 inch then capped and locked the tank with a padlock.

Also please note that Joseph Equipment has initiated the planning work to remove this UST this fall. Please feel free to contact me with any questions or concerns.

Best,
Scott
