Good morning Matt,

Please update the records for Stafford Oil 227 Court Street Laconia Facility ID#0111695. We have installed the stand alone probes under the four dispensers and they are operational. The low level sump test was previously submitted. They have been performing daily inspections of these sumps and maintaining a log. As the probes have been installed we believe the requirement of sending these reports is no longer necessary. Would you please remove the "intent to red tag" for this site?

Feel free to contact us for questions. Thank you for working with us.

Sincerely

Colette Worsman
