**Subject:** RE: Pine Tree Power - Groundwater Discharge Permit Application

Site# 199407004 / Project# 38933 / Activity# 272172  
~~~~~

Dear Mr. Manning et al;

the NH Department of Environmental Services (NHDES) has received your request to withdraw the pending Groundwater Discharge Permit application dated June 26, 2019 for the discharge of industrial cooling water.

the permit application will be removed from the active files and the records will be updated today. This inactive status will also be assigned to the pending Temporary Discharge Permit application dated July 12, 2019.

On or before October 1, 2019, please forward the schedule for monitoring well decommissioning and any other site reclamation work. Once the site work is complete and wells are decommissioned the project status will be assigned "CLOSED" with no further action.

Contact me for further questions or comment regarding nondomestic wastewater disposal in NH

Regards

*Mitchell Locker, P.G.

---

Mitch,

Effective immediately Pinetree Power Tamworth withdraws its ground water discharge permit application.

Please respond that this email terminates the application immediately.

Thank you

**Scott Manning**
