

## **Mascoma River Local Advisory Committee 2018 Annual Report**

The Mascoma River Local Advisory Committee (MRLAC) is a volunteer group of citizen representatives from the Town of Canaan, Town of Enfield, and City of Lebanon, N.H. The MRLAC's responsibilities include developing and updating a [Mascoma River Corridor Management Plan](#), and monitoring development along the river to ensure that it is compliant with state law and the local river management plan. This involves reviewing construction permits and making site visits to comment on permits as required by New Hampshire Department of Environmental Services (NHDES).

Members of the MRLAC reviewed 12 applications for permits under the shoreland protection act and donated over 70 hours of their time in service to their communities.

Throughout the year, members attended various meetings of NHDES, Mascoma Watershed Conservation Council, Connecticut River Joint Commissions, , as well as meetings of the towns of Enfield and Lebanon budget committees.

Respectfully,

Bill Chabot  
Chair  
Mascoma River Local Advisory Committee
