

The State of New Hampshire
DEPARTMENT OF ENVIRONMENTAL SERVICES

Thomas S. Burack, Commissioner

Instream Flow Rules (Env-Wq 1900) Rulemaking Information Meeting
Tuesday, August 2, 2016 - 9:30 to 11:30 am

NH Department of Environmental Services, Room 208C
29 Hazen Drive,
Concord, NH 03301

NHDES will hold a public information meeting to discuss the first three sections of the new Instream Flow Rules (Env-Wq 1900). The meeting will be held Tuesday, August 2, 2016 - 9:30 to 11:30 am in Room 208C of the NHDES offices at 29 Hazen Drive, Concord, NH.

This meeting will be the second of several during the rulemaking process. At this meeting, NHDES staff will review the first three of the seven sections of the new rules. Questions, comments and suggestions are welcome.

These new rules will replace the Pilot Instream Flow Rules and will apply to all the Designated Rivers of the state. The new Instream Flow rules are being developed following the requirements of RSA 483 as revised by Chapter 286, Laws of 2016; and as informed by the Instream Flow Pilot Program results, which are documented in the December 2015 Pilot Instream Flow Program Report.

Prior to the meeting you will be able to find the discussion document covering the first three sections of the rules, also links to RSA 483 and the 2015 Pilot Study Report, posted on the ISF Rulemaking 2016-2017 page of the Rivers Management Advisory Committee website at http://xml2.des.state.nh.us/blogs/rmac/?page_id=2510.
