

The State of New Hampshire  
**DEPARTMENT OF ENVIRONMENTAL SERVICES**

**Thomas S. Burack, Commissioner**

**Instream Flow Rules (Env-Wq 1900) Rulemaking Information Meeting**  
**Wednesday, October 19, 2016 - 9:30 to 11:30 am**

NH Department of Environmental Services, Room 208C  
29 Hazen Drive,  
Concord, NH 03301

NHDES will hold a public information meeting to discuss the next two sections of the new Instream Flow Rules (Env-Wq 1900). The meeting will be held Wednesday, October 19, 2016 - 9:30 to 11:30 am in Room 208C of the NHDES offices at 29 Hazen Drive, Concord, NH.

This meeting will be the third of several during the rulemaking process. At this meeting, NHDES staff will review the protected instream flow and water management plan sections of the proposed new rules. Questions, comments and suggestions are welcome.

These new rules will replace the Pilot Instream Flow Rules and will apply to all the Designated Rivers of the state. The new Instream Flow rules are being developed following the requirements of RSA 483 as revised by Chapter 286, Laws of 2016; and as informed by the Instream Flow Pilot Program results, which are documented in the December 2015 Report of the Instream Flow Pilot Program.

Prior to the meeting, you will be able to find the discussion documents covering these and previous sections of the rules, also links to RSA 483 and the 2015 Pilot Report. These will be posted on the ISF Rulemaking page of the Rivers Management Advisory Committee website at [http://xml2.des.state.nh.us/blogs/rmac/?page\\_id=2510](http://xml2.des.state.nh.us/blogs/rmac/?page_id=2510).
