

The State of New Hampshire
Department of Environmental Services

Robert R. Scott, Commissioner

**Rulemaking Information Meeting
Instream Flow Rules (Env-Wq 1900)
Wednesday, January 10, 2018 - 9:30 to 11:30 am**

NH Department of Environmental Services, Room 208C
29 Hazen Drive
Concord, NH 03301

NHDES will hold a public information meeting to review the discussion document containing the revised language for the proposed new Instream Flow Rules (Env-Wq 1900). The meeting will be held Wednesday, January 10, 2018 from 9:30 to 11:30 am in Room 208C of the NHDES offices at 29 Hazen Drive, Concord, NH.

This meeting will be the fifth of five planned information meetings prior to the rulemaking process. At this meeting, NHDES staff will review all of the previously discussed sections of the proposed new rules. Questions, comments and suggestions are welcome.

These proposed rules will replace the Pilot Instream Flow Rules and will apply to all the Designated Rivers of the state. The new Instream Flow rules are being developed following the requirements of RSA 483 as revised by Chapter 286, Laws of 2016; and as informed by the Instream Flow Pilot Program results, which are documented in the December 2015 Report of the Instream Flow Pilot Program.

Current and previous rule review discussion documents will be available prior to the meeting on the ISF Rulemaking page of the Rivers Management Advisory Committee website at https://www4.des.state.nh.us/blogs/rmac/?page_id=2510. Links to RSA 483 and the 2015 Pilot Program Report are also available at this site.
