N.H. Rivers Management and Protection Program

# N.H. Rivers Management Advisory Committee

February 2, 2021

The Honorable Sharon Carson, Chair  
Senate Judiciary Committee  
State House, Room 100  
Concord, NH 03301

**RE: SB 95** *An act relative to adopting omnibus legislation relative to remote meetings and penalties for violation of privacy.*

Dear Chair Carson and Members of the Committee:

The Rivers Management Advisory Committee (RMAC) is writing to express its support of Senate Bill 95, which will, in part, allow public bodies subject to RSA 91-A to meet remotely outside of a declared emergency.

The RMAC has found that attendance at remote RMAC meetings has been higher, both by committee representatives and by members of the public, than when the RMAC met in person. While the committee prefers to meet in person when possible, allowing remote meetings permits busy volunteer committee members as well as the public to attend meetings during inclement weather or when they are not feeling well, and to join all or part of a meeting when schedules are tight. Staff in the Rivers Management and Protection Program have also reported a similar increase in attendance at local river management advisory committee meetings by committee members and the public, as well as by guest consultants discussing proposed projects in the committee's area of jurisdiction. The tools and protocols for remote meetings are available and familiar now, and we would like the option to continue meeting remotely as necessary.

The RMAC is a legislatively created body charged to work with the New Hampshire Department of Environmental Services (NHDES) to administer RSA 483, the Rivers Management and Protection Program. The Governor and Council appointed Committee is comprised of members from business, agriculture, hydroelectric, municipal government, water supply, conservation, recreation, fish and game, and historical interests. Among its other responsibilities, the RMAC is charged with reviewing legislation relevant to the Program and with advising the NHDES Commissioner on the merits of such legislation.

In conclusion, the RMAC supports SB 95 because it will permit boards and commissions such as the RMAC to meet remotely while still allowing public involvement in the committee's work.

Should you have any questions regarding our testimony, please feel free to contact me at 603.796.2615 or [MLT@naturesource.net](mailto:MLT@naturesource.net).

Sincerely,

Michele L. Tremblay  
RMAC Chair
