

# Soak Up the Rain New England Webinar Series

## September 27th

2:30-3:30 EST [To Register](#)

### ***Back to School with Green Infrastructure: Linking Green Infrastructure with School Curricula and the Massachusetts Science, Technology and Engineering State Standards***

*Using natural systems to treat rainwater is a cost-effective, resilient approach to managing polluted stormwater runoff from our rooftops, streets, driveways, and parking areas as well as mitigating the effects of climate change. Come hear how the Boston Water and Sewer Commission, in partnership with Boston Public Schools, is engaging students in green infrastructure experiential learning activities, constructing rain gardens, partnering with watershed groups and connecting new curriculum with the MA STE.*

*This presentation will discuss practical, hands-on activities that can be used inside and outside the classroom as well as methods and benefits for designing educational opportunities into green infrastructure in the school yard and community. Presentation will also include why the Boston Public Schools decided to incorporate the stormwater green infrastructure curriculum district wide.*

#### ***Presenters include:***

Kate England, Engineer, Project Coordinator- Stormwater Infrastructure, Boston Water & Sewer

Elisabeth Cianciola, Aquatic Scientist, Charles River Watershed Association

***Email registration address-***

#### **Who Should Attend:**

Teachers, students, anyone from watershed and environmental organizations, practitioners, and interested citizens- anyone who is considering a new project or looking to build on an existing program.

#### **Webinar Series**

We will be focusing on a range of innovative approaches to addressing stormwater in New England, presented by leaders from around the region.

- Hear about stormwater public outreach resources and programs
- See who's soaking up the rain as we showcase green infrastructure projects and programs
- Learn about the latest tools and resources from EPA and others for implementing and promoting green infrastructure and
- Engage with others as we share information about successes, barriers, and lessons learned while implementing green infrastructure in our New England communities.

\*For questions about the webinar series or if you have ideas for additional webinar topics, please send an email to [soakuptherain@epa.gov](mailto:soakuptherain@epa.gov)
